- Then this

- Key result goes here
- Another supporting point

A blockquote, styled with a maroon rule — useful for quotes from cases, bills, or interviews.

Code and Output

```
plot(pressure, pch = 19, col = "#750014")
```

Vote share for candidate c in district d :

$$y_{cd} = \alpha_d + \beta \cdot \text{incumbency}_{cd} + \varepsilon_{cd}$$
